

BUILDING PRODUCT INFORMATION SHEET EVA-LAST DECKING

Effective June 2024

Designated building product class

Class 1

Product Description

The ITI Decking System, featuring Eva-last composite decking, is a premium solution designed for both residential and commercial decking applications. Eva-last, a bamboo and recycled plastic composite, has exceptional durability and aesthetic appeal. Engineered for compatibility with substrates that meet New Zealand Standard 3604 (2011), the ITI Decking System offers flexibility in various architectural designs. Eva-last composite promises an above-ground lifespan exceeding 20 years when maintained as recommended, including regular cleaning maintenance.

Key Technical Specifications

Specification	Details
Width	135mm
